CAOEC LEVEL IV INSPECTION CERTIFICATE

CERTIFICATION OF: Center Latch Casing Elevator

MAKE: BJ

MODEL: 7 5/8"

SERIAL NUMBER: JOH-7000

CAPACITY: 150 ton

OWNER: Pathmaker Services Co. Ltd.

REPAIRS/MECHANICAL COMPLETED BY: Rees NDT

Rees NDT Inspection Services 2008 Ltd. performed a CAOEC VISUAL AND NON-DESTRUCTIVE TESTING inspection on the above mentioned CENTER LATCH CASING ELEVATOR. All observations have been recorded and are disclosed in the complete documentation for Rees NDT Work Order #209280. The scope of this certificate is limited to the inspection of the item's structural condition at the time of inspection and does not imply a review of the equipment's design or its associated capacity rating. The capacity noted above reflects the original equipment manufacturer's maximum capacity rating and may be reduced by operating conditions, regulatory requirements and the use of auxiliary equipment that has a lower capacity rating.

The undersigned Engineer reviewed all the inspection reports and has issued this certificate after all required repairs (if any) were completed. In the undersigned Engineer's opinion, the CENTER LATCH CASING ELEVATOR may be returned to service and is safe to use within the original manufacturer's specifications. The equipment owner is obliged to supply the OEM's operating instructions with the equipment and maintain the OEM's identification and capacity markings. If OEM information cannot be obtained, certified replacements must be obtained from a Professional Engineer.

This certification covers the above mentioned unit for a period of 500 WORKING DAYS AS PER CAOEC RECOMMENDED PRACTICE 2.0 from the date of inspection, or until the unit is damaged by handling, transportation or operation.
