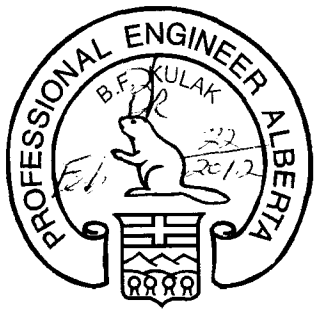
This document specifies that all parts and/or assemblies for the equipment referenced above are sold under the manufacturer's warranty.

The above referenced items are to be used according to the manufacturer's directions and ratings. Alco assumes no responsibility for defective parts or assemblies or any costs associated with their repair due to normal use or misuse.

The manufacture's documentation provided for the item(s) listed above indicate conformance to The American Petroleum Institute's (API) section 8a and has been load tested to 1.5 times its rating.


A CAODC Recommended Practice Level IV inspection is typically required after: 500 Operating Days for drilling applications, or 6 years for service applications.
